

How Quick Connect Couplers Work

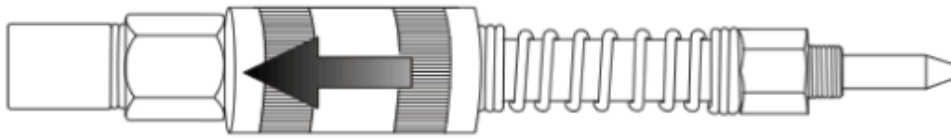

SAE Products Quick connect couplers are a fast and easy way to lubricate a variety of fittings when multiple greasing tools are required. No threads, no screwing or unscrewing, just snap onto any standard coupler and use. Directions below.

STEP 1: RETRACT THE SLEEVE OF THE QUICK CONNECT COUPLER TO REVEAL THE FITTING

STEP 2: PRESS THE COUPLER ON YOUR GREASE GUN INTO THE FITTING LOCATED ON THE QUICK CONNECT

STEP 3: RELEASE THE SLEEVE OF THE QUICK CONNECT TO SECURE THE CONNECTION
